Makkah, Saudi Arabia

PROFESSIONAL SUMMARY

Human-Computer Interaction (HCI) student at Umm Al-Qura University with a solid foundation in user research, usability evaluation, interface design, and prototyping using Figma. Focused on designing intuitive, user-centered digital experiences that improve usability and help users achieve their goals efficiently. A fast learner with strong analytical skills, adaptability, and a collaborative mindset.

RELEVANT EXPERIENCE

Rakkiz – Smart Focus Assistant for Students

Feb 2024 – Present

Umm Al-Qura University

- Contributed to applying a user-centered design (UCD) methodology in developing a smart study assistant to improve students' focus and reduce digital distractions.
- Contributed to current journey analysis and development of UX journey maps to identify user pain points and behavior patterns.
- Participated in usability evaluation and evaluation methods to support iterative design improvements.
- Contributed to data analysis and visualization to support data-driven design decisions and improve the overall user experience.

HungerStation App – UX Improvement Project

Apr 2025 – May 2025

Umm Al-Qura University

- Enhanced the information architecture of the HungerStation application through user-centered research and analysis.
- Developed user personas, conducted card sorting, and performed usability testing to improve navigation and overall user experience.
- Contributed to research analysis and supported data-driven design decisions documented in the final UX report.

EDUCATION

Bachelor of Human-Computer Interaction (HCI)

Expected Graduation: June 2027

Umm Al-Qura University | Makkah, Saudi Arabia

- Relevant Courses: Human-Computer Interaction, User Interface Design, User Research, Usability Testing, Software Engineering, Database Systems, Computer Networks and Cybersecurity Fundamentals

SKILLS

Technical Skills

- UI Design: (Figma, Typography, Color and Contrast, Prototyping)
- UX Design: (Wireframing, User Flows, Information Architecture)
- User Research: (User Interviews, Surveys, Personas, Usability Testing)
- Usability: (Heuristic Evaluation, Task Analysis)
- Accessibility: (Color Contrast, Keyboard Navigation, Screen Reader Support)

Soft Skills

- Communication (Verbal and Written)
- Analytical Thinking and Problem Solving
- Creative Thinking and Design Thinking
- Collaboration and Teamwork
- Adaptability and Continuous Learning
